

MichMATYC

History

On May 2, 1981, thirteen two-year college instructors met at the Mathematical Association of America (MAA) Michigan section meeting at Oakland University. Karen Sharp called the meeting, explaining the need for a Michigan section of the American Mathematical Association of Two-Year Colleges (AMATYC).

Statement of Purpose

The Michigan Mathematical Association of Two-Year Colleges is a non-profit, educational association. The organization was founded to provide a venue for interaction between the mathematics faculties at community colleges across the State of Michigan.

An opportunity to share ideas, consolidate resources, and plan for the future needs of community colleges in the state became primary functions of MichMATYC, as well as connect to university mathematics.

Membership

The strength of the organization is the membership and your membership makes a statement. It tells others that your profession is important to you and that you want to be a part of its growth and direction in the state of Michigan.

MichMATYC is an organization that offers you an opportunity to join with other individuals who are interested in mathematics education at the two-year college level.

Please accept this invitation to join our organization. We would like to develop a strong organization involving faculty and staff from all community college campuses in the state, and others from four-year campuses that have an interest in mathematics education in the first two years of college.

The registration fee for the annual conference includes a one-year individual membership, but interested people may join anytime during the year.

The annual membership fee is just \$10 and includes opportunities to actively participate in the organization, have voting rights during organization business, receive free periodic newsletters, and much more.

We appreciate your time, effort, and support of MichMATYC!

Membership Application

Date: _____

Name: _____

College: _____

College Address: _____

City, State Zip: _____

College Phone: _____

Email: _____

Please indicate your home address if you prefer to receive mailings at home.

Home Address: _____

City, State Zip: _____

_____ \$10 Yearly Individual Membership
(any person interested in mathematics in the first two years of college)

All payments in U.S. funds payable to MichMATYC can be mailed to:
